Please complete this Consent Form after you have read the Information Sheet and had the opportunity to speak to the researcher. If you need any further information or clarification, please speak to the researcher before completing this form. You will be given a copy of this Consent Form to keep for your records.

To give your consent to take part in this study you need to read the statements below and, if you agree with the statements, tick each box. Unticked boxes mean you do not agree to the statement. To take part in the study you need to agree to all of these statements:

- I have read and understood the Information Sheet (version [number]) for this study. I have had Tick box
1. an opportunity to consider the information and what will be expected of me. I have also had the opportunity to ask questions, which have been answered to my satisfaction. ☐
 - I consent to the processing of my personal data for the purposes explained to me in the Information
 2. Sheet. I understand that my information will be handled in accordance with all applicable data protection legislation and ethical standards in research. ☐
 - I understand that my personal data (name, contact details etc.) will be held securely by UCL.
 3. Personal data will only be accessible to the study team and authorised individuals from UCL or the research funder working with them. ☐
 4. I understand that these scans are for research purposes only. They will not be routinely examined by medical staff, and should not be regarded as part of a 'health-check'. ☐
 - In the event a potentially serious abnormality is found on a scan, I consent to the research team
 5. contacting and informing my General Practitioner (GP) about the finding. I understand that in this scenario, it will be my GP who will contact me to arrange any further investigations. ☐
 6. I understand that if a potentially serious abnormality is not reported to my GP, it does not imply that no abnormality exists, but simply that no such abnormality was noticed by the staff taking the scans. ☐
 7. I understand that my pseudoanonymised personal data can be shared with others for future research, shared in public databases and in scientific reports ☐
 8. I understand that I am free to withdraw from this study at any time without giving a reason, and that this will not affect my future medical care or legal rights. ☐
 9. I understand the study exclusion criteria, and the potential benefits and risks of participating. I can confirm that I do not fall under any of the exclusion criteria. ☐
 10. I voluntarily agree to take part in this study. ☐
